20 Impact 22 Report

NATURE BASED · INTEGRATIVE · THERAPIES

Compassion

Families who manage special needs rely on a village to help them. We hear from moms and dads of the 1 in 60 children who are born with an autism spectrum challenge, about how their child does not engage with them (or with anyone), and the challenge that leaving the house presents for them. We hear from wounded war veterans wishing to connect with their community & loved ones in ways that were lost in service to their country.

Every individual with a special need, and their caregivers, inspire us to give in ways that can support them, because we recognize the challenges they rise to meet every day, and we are compelled to take action and help.

LifeStriders educates and strengthens communities, by providing innovative and integrated cognitive and physical therapies, online, on our farm, and sometimes on the backs of our horses, to individuals and families with special needs, at low or no cost.

LifeStriders Delivers

This year, the youth outreach and education extension programming at LifeStriders has supported over 20 school and education based programs throughout the country. The programs delivered LifeStriders therapeutic services as needed, but also delivered specialized experiences in vocational training, environmental and agricultural stewardship, team building, and social wellness to a diverse and inclusive group of students who all benefitted from receiving and learning about our highly effective integrative, nature based services.

2022 Program Highlights

CLOSING THE GAP

Health & Social Disparities

Crisis intervention & long term therapies for under served families.

RESILIENT STRIDES

At Risk Youth Programming

Effective, integrated, nature based therapies for at risk youth.

SENIOR ENHANCEMENT

Alzheimer's and Memory Loss

Integrated therapies for age related special needs.

BEYOND THE CLASSROOM

Nature Based Learning & Therapy

Experiences and activities for urban youth

These programs and more are made possible with grants from:

WE Energies, Oconomowoc Area Foundation, The Emory T. Clark Foundation, Bader Philanthropies, Brewers Community Foundation, American Family Insurance Foundation, and many more.

BOARD OF DIRECTORS

Kim Kindschi - Chairman
Matthew Arndt - Treasurer
Rob Conley - Secretary
Veronica Sosa Agnoli - CEO
Linda Campbell
Dr. Shelagh M. Roell
Jack Rakowski
Deidre Erwin
Maria Trainor
James Boling

TEAM

LifeStriders employs and contracts more than a dozen team members to run its operations. Our team consists of licensed therapists, mental health professionals, OT's, PT's and equine specialists. They have a wide range of specialties and are trained in trauma informed care. Together with its board members, volunteers, and interns, LifeStriders integrative team works together to provide therapeutic services to meet our clients' specific goals.

2022 Events

Every year, LifeStriders works to produce special events to help connect our community and raise funds for its low cost and no cost programs and operations. In 2022, the staff, volunteers, and board rose to the occasion again.

This year, LifeStriders hosted the first ever Triple Crown horse races, and Derby Days fundraiser, and crowned winners of both events. We are thankful to all the event participants, contributors and sponsors, including our title sponsor the Fitzsimonds Charitable Trust.

Derby Days Winner
James and Rifle

Triple Crown Winners
The Yellow Yahoos

LifeStriders has also been able to raise funds for a number of capital improvements including the installation of a new office and entrance roof, new accessible entryways, and upgrades to the parent viewing area. We have big plans for 2023 and are thankful to everyone who is helping to realize our campus's full potential.

An aerial photograph of a large, red barn with a white roof, situated in a rural setting. The barn has a long, rectangular main section and a smaller, square section attached to the right. A parking lot with several cars is visible in front of the barn. The surrounding area includes green fields, trees, and a dirt road. The text "Capital Projects" is overlaid at the bottom of the image in a white, serif font.
